SOCIAL POLLING

Invitation to join  
**VOTLY Giveaway Store**

# What is VOTLY ?

- We are a social polling network and rewards app that allows people to share their opinions and get rewarded for it.
- Our platform allows users to create polls, share them with their friends and followers, and get rewarded for their participation.
- We also provide a platform for businesses to get valuable insights from their customers and reward them for their feedback.

With VOTLY, people's valued opinion does make a difference.

# VISION / MISSION / VALUES

## Our Mission.

To build an AI-powered platform that can help foster an optimistic community, create efficient content marketing strategies, and provide valuable insights into consumer sentiment via social polls.

## Our Vision.

We aim to provide a platform for people to express their opinions on a variety of topics and create a space for meaningful dialogue and debate. And provide a platform for businesses and organizations to gain insights into public opinion in order to understand their customers.

## Value:

One way to revolutionize social polling is to make it more rewarding and interactive by offering incentives for people to participate in polls, such as points, rewards, or discounts.

## Engage .. Collect .. Redeem

**VOTLY Coins** can be collected by users for loyalty and engaging in various activities on the platform. These activities can include making polls, referring friends, voting, and participating in surveys.

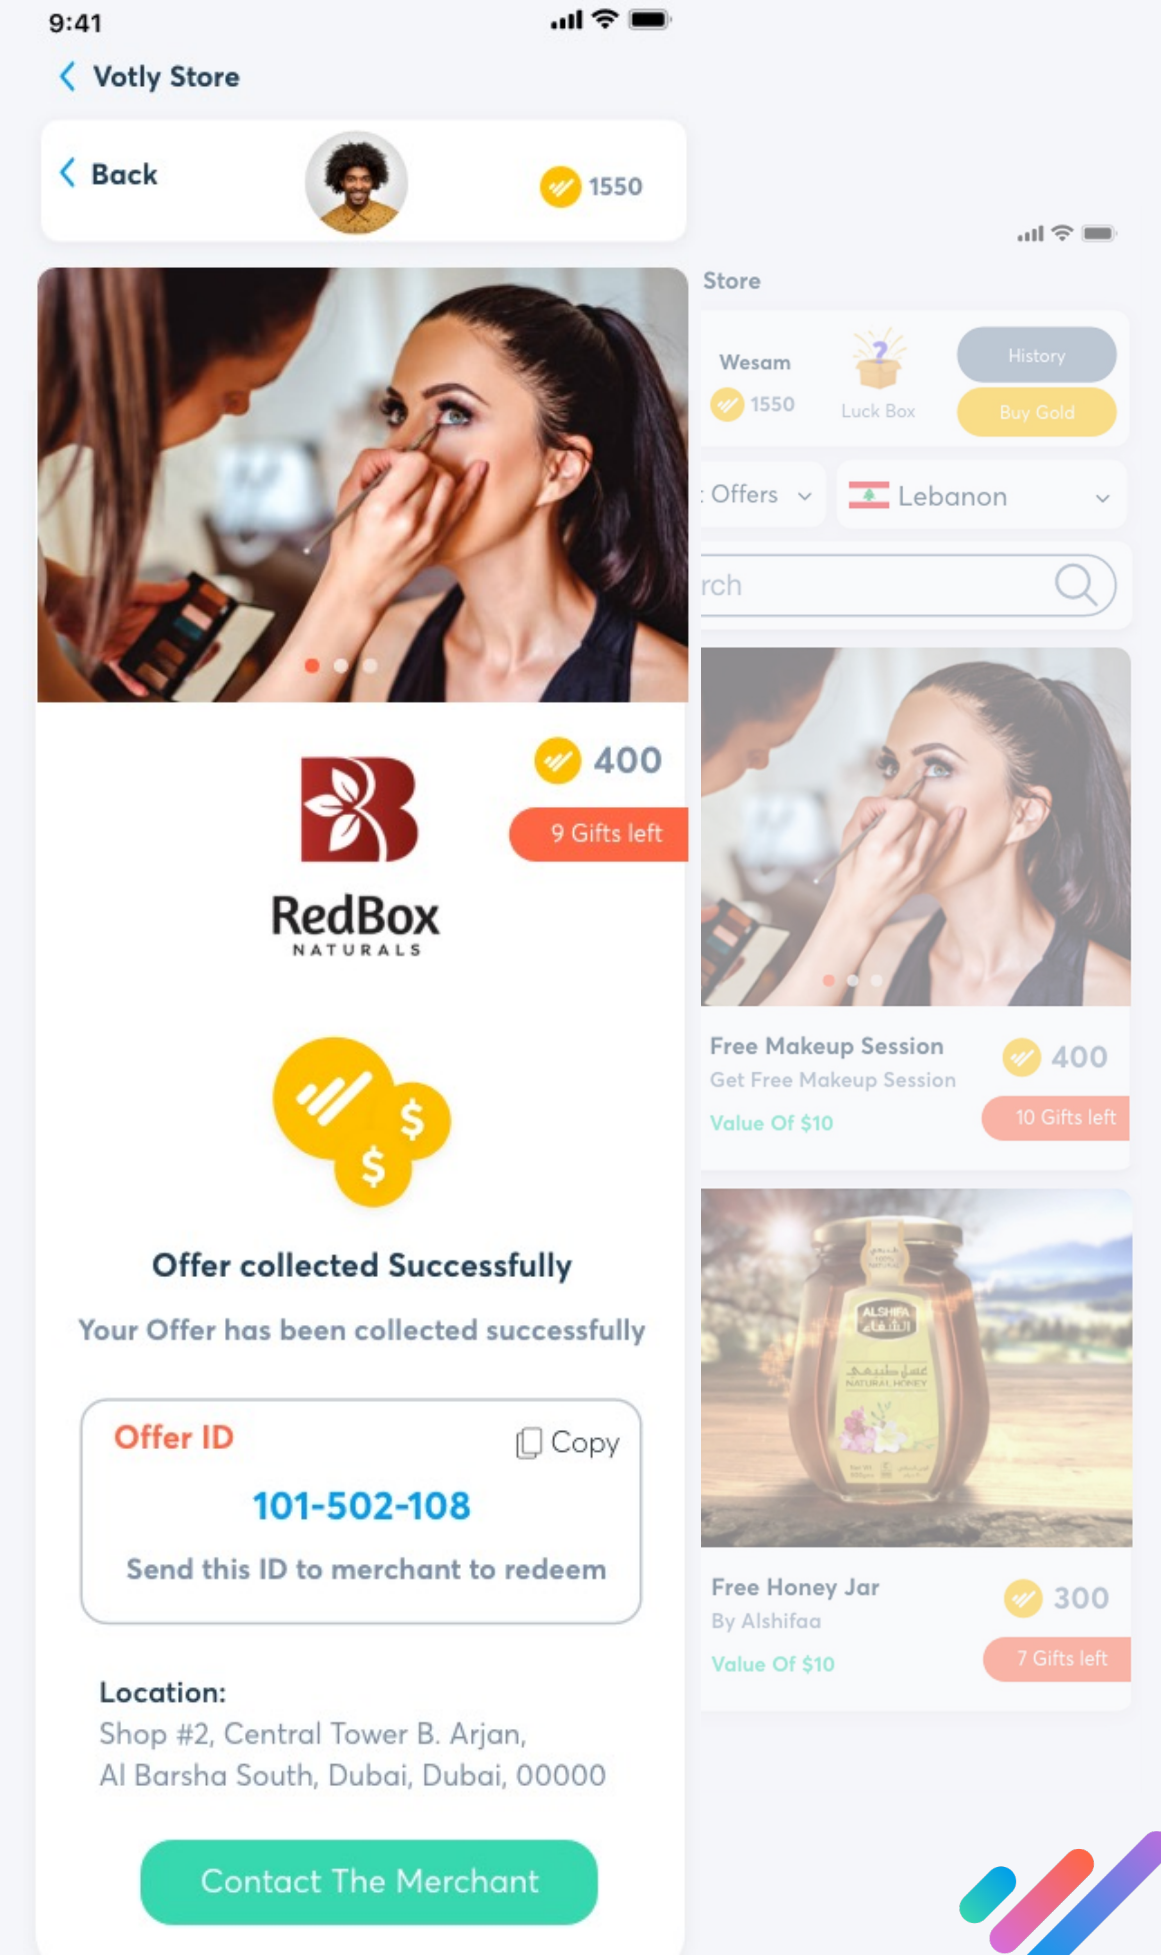

**VOTLY Coins** can then be redeemed for rewards such as discounts, free products, or exclusive offers on the giveaway store.

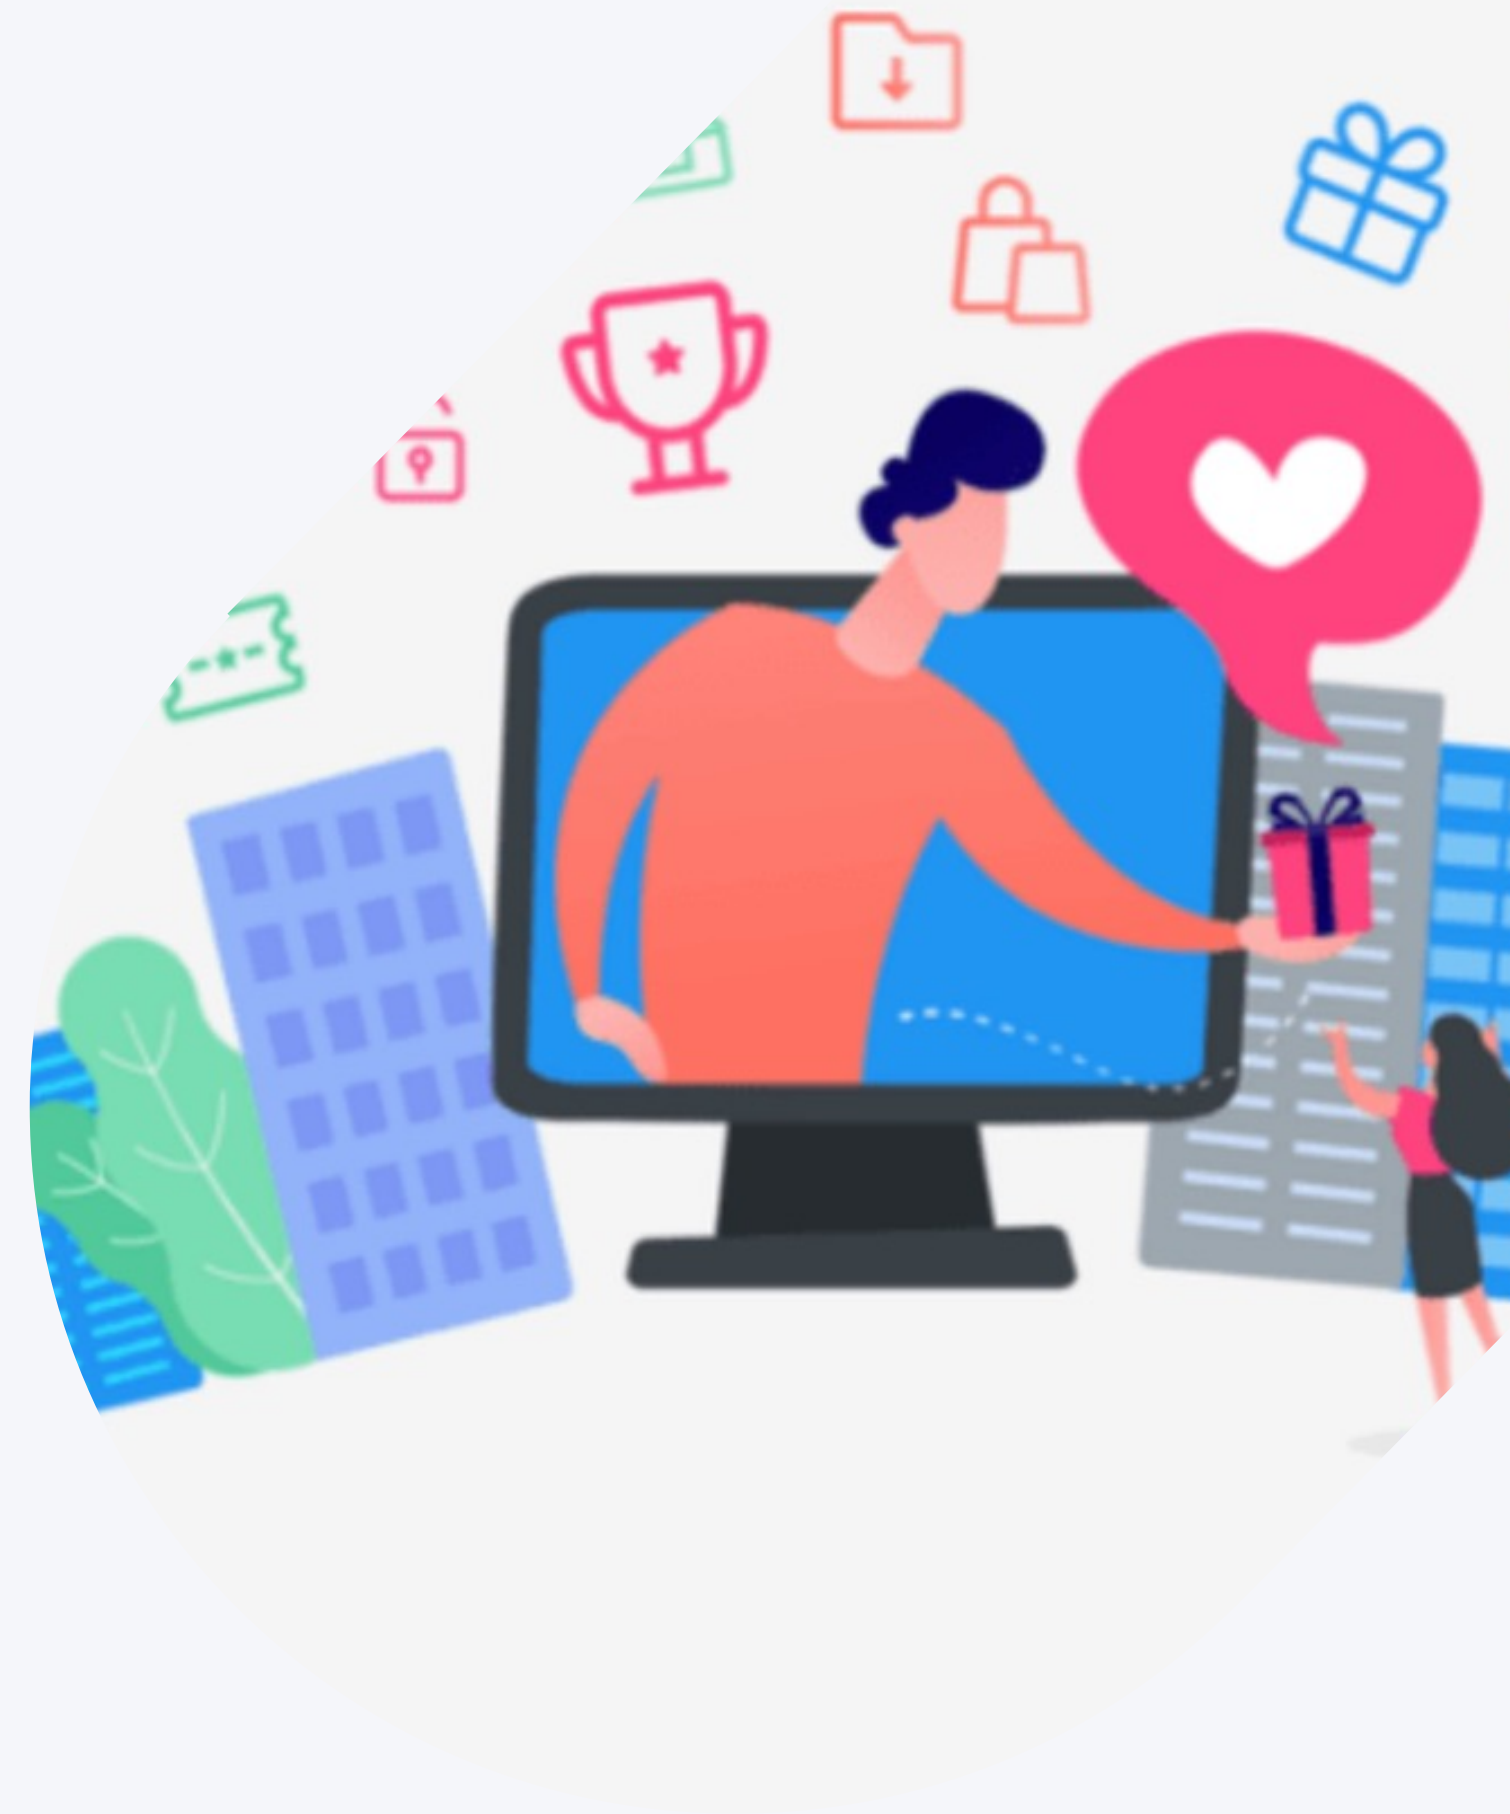

# How it works?

- The coins are typically given out after a user has completed a certain number of polls or has reached a certain level of engagement. The rewards are meant to encourage users to participate in more polls and to provide feedback on the topics being discussed.
- Rewards can also be used to incentivize users to share their opinions with their friends and followers, thus increasing the reach of the poll.
- Coins can be earned by completing tasks, making purchases, or engaging with the platform in other ways.
- Once the user has accumulated enough coins, they can redeem them for the gifts offered by the merchants in the giveaway store.

# Importance of giveaway marketing.

- When people receive free gifts, they are more likely to return to the merchant in the future. This is because they feel appreciated and valued by the merchant, and they are more likely to make repeat purchases.
- Offering free gifts can help to create a sense of community among customers, as they are more likely to share their experiences with others. This can lead to increased word-of-mouth marketing, which can help to drive more customers to the merchant.
- Offering free gifts can help to increase customer engagement, as customers are more likely to and provide feedback. This can help the merchant to better understand their customers and improve their services.

# I am interested

## What kind of offer or free gifts would you like me to provide?

You can provide giveaways for users in a variety of ways:

- You can offer discounts, free samples, or even free products.
- You can provide subscription or invitation.
- You can also provide loyalty programs or rewards for customers who make frequent purchases.
